

Wodny Raj [Aqua Paradise] – an indoor swimming-pool

The facility is located in the north-eastern part of the town, near Klukom Lake. Nearby there is Góra Żydowska [Jewish Mountain] and the promenade. It is possible to get to the swimming pool by car – down Władysława Jagiełły Street or by the urban communication.

“Wodny Raj” [Aqua Paradise], the indoor swimming pool in Choszczno, was created in years between 1998-2000. The pool was officially handed over for public use on 7 April 2000. The pool is used by primary, secondary and high school students who – during PE lessons – want to either learn how to swim, or to perfect their swimming skills. Many swimming competitions for students from the local municipality, district or the whole region are held here. Uczniowski Klub Sportowy „Foka” [“Seal”- the Students’ Sports Club], also functions here, it organises swimming lessons and sporting swimming trainings for children and teenagers.
