

Yacht harbor of the Naval Club Anchor Świnoujście

Świnoujście

The first harbor in the city, sailing from the Szczeciński Lagoon to Świnoujście. This marina is located at the end of the Świnoujście port in winter.

The Anchor Harbor in Świnoujście has been operating since 1976. The club has been cooperating with the Navy from the very beginning. The quays are equipped with water and electric connections. The maximum immersion in the pool is 2.5 meters. Due to the limited number of berths, mooring in the marina can only be arranged upon prior arrangement. It moors here to concrete quays with your bow or stern, and grabs on buoys. It is worth mooring the yacht well because of the Świna current and possible strong winds, especially from the north. A gas station is within 2 km.
