

Marina PTTK Szczecin Camping

Szczecin

We can get to the marina by driving from Szczecin towards Szczecin Dąbie. After crossing the Cłowy Bridge, continue straight ahead. The marina will be on the left

One of the most beautiful marinas located along Przestrzenna Street and the Dąbie Lake in Szczecin, mainly thanks to the carefully managed greenery. The marina has two functions: a marina for yachts and a camping, especially for caravanning enthusiasts. The marina is exposed to strong northern winds - it is mostly exposed. The effects of backwater are felt here. At "PTTK" you moor at a permanent quay or at concrete piers, stern, or bow, additionally using steel dolphins. Both the piers and the wharf are equipped with pre-paid electric and water connections. There is a hangar on site, you can also use the help of a mechanic and boatbuilder. The marina offers accommodation in bungalows and all-year-round apartments beautifully situated on the shores of the lake. The marina area is adapted to accommodate nearly 50 caravans and motorhomes and 70 tents. The field is equipped with power and water connections. There is also a special barbecue area and a large tent for outdoor events.
