has been owned by the Evangelical-Augsburg parish since 1954. The parish, however, has a long history, dating back to the Middle Ages. According to old Pomeranian chronicles, the construction of the church of St. Gertrude began in 1308. Originally, it was to serve merchants and craftsmen living in the district of Szczecin called Łasztownia (Lastadie).

The Evangelical-Augsburg Church is the oldest and largest Protestant Church in Poland and currently the only Lutheran Church in the Republic of Poland. It is a member of the Lutheran World Federation, the World Council of Churches, the Conference of European Churches, and the Polish Ecumenical Council.
