

"W labiryntach" [In the labyrinths] Educational Farm

"W labiryntach" Educational Farm is located in the northern part of the town. When you get to Malechowa, you need to turn right towards the farm.

"W labiryntach" Educational Farm allows families with children and organized groups to spend their time in an interesting way. All classes are hosted by animators. The owners created three labyrinths made of common osier to which special paths with additional attraction lead. Children receive maps of the labyrinths and try not to get lost. Games take place outside in an amazing glacial valley of the Grabowa River. The place is filled with the laughter of happy children (above 7 years of age), their parents and guardians. Labyrinths constitute the most interesting attraction, however in the offer there is also a balloon catapult, mega soap bubbles, wicker whistles, an outdoor game "What is the wind in the willows about?". You can also get to know more about the occurrence and use of peat.
