

the Water Ski and Wakeboard Lift

the Water Ski and Wakeboard Lift is on Lake Trzesiecko in the town park at 22 Mickiewicza Street in Szczecinek.

It is one of the longest ski lifts in Europe, situated on Lake Trzesiecko. Situated in the town centre and surrounded by historic urban park rich in greenery, it attracts water skiers and wakeboarders not only for sports activities, but also for the unique atmosphere of the place. One lap along a more than a kilometre long route of the shape of a pentagon with the longest side of 300 meters is fun even at 60 km/h. Up to 12 people are allowed to move simultaneously along the whole route. It is the structure which can be used by both water skiers and wakeboarders. The modernised WakePark has been professionally prepared for the people who are just starting their adventure with the board as well as for those who want to improve their skills on sliders and rotations in the air after jumping up from kickers. Whole families are invited to use the lift together. The water ski lift complex in Szczecinek is
